

Ref.No.YNFX-SP-57

Dear Sir/Madam,

We are offering a complete Trutzchler+Zinser+Schlafhorst Plant As under,

01 BDT 19 TRUETZSCHELER automatic bale plucker with
25.100 lattice 2 blends – manual pivoting – working width 1.700 mm.-Max.speed of the beater
1250 RPM.
Year 1990

01 BY PASS TRUETZSCHELER -Year 1990

01 LVSA A TRUETZSCHELER cage condenser – year 1990

01 BE TRUETZSCHELER chute for blender feeder GBRA
working width 1.000 mm – year 1990

01 GBRA TRUETZSCHELER blender feeder with working
width of 1.000 mm.
centralized waste collection –porcupine beater and feeding lattice of 4.000 mm.
year 1990

01 AFC TRUETZSCHELER two beater opener working width 1.000 mm.- centralized waste connection
Year 1990

01 MTV TRUETZSCHELER Feeding fan for multimixer with 6
chambers
Year 1990

01 MPM6 TRUETZSCHELER multimixer with 6 cells – working
Width 1.200 – centralized waste collection Year 1990

01 LVSA A TRUETZSCHELER cage condenser – year 1990

01 MV TRUETZSCHELER multimixer with 4 cells – working
Width 1.200 – centralized waste collection year 1990

01 RN TRUETZSCHELER Horizontal opener–
Working width 1.200 mm. –permanent magnet In exit – mouth-piece Ø
250 mm. - year 1990

01 LVSA A TRUETZSCHELER cage condenser – year 1990

01 MV TRUETZSCHELER multimixer with 4 cells – working
width 1.200 – centralized waste collection – year 1990

01 RK TRUETZSCHELER Horizontal opener–working
width 1.200 mm. –permanent magnet In exit – mouth- piece Ø 250 mm. - year 1990

01 CS TRUETZSCHELER Blender feeder – for chemical
fiber working width 1.000 mm. year 1990

01 DX TRUETZSCHELER DUSTEX – Year 1990

01 MTV TRUETZSCHELER feeding fan for chute feeds line
mod. FBK 533 – hp 7.5 – year 1998

06 DFK 538 TRUETZSCHELER chute feeds –
working width 1.000 mm. –
mouth-piece Ø 250 mm. and 320 mm
Year 1998

DK 803 TRUETZSCHELER high production carding machine
Working Width 1.000 mm (40") – 3 liker in –
carding segment – Centralized waste collection – meter
counter with 4 shift –main motor with brake – pneumatic cans change – cans size 40" x 45" (1.000 x
1.200 mm.) –
Autoleveller integrated in the machine – speed commander –
year 1998

EGS TRUETZSCHELER control panel for the opening line
and – built in 1998 and modified in different
Times from 1998 to 2003

04 HS 1000 TRUETZSCHELER Drawing frames –feeding cans 40"
x 45" –Creel type for cans in line –two delivery –exit cans 20"
x 45" - (600 x 1200 mm.) – with out auto leveller
Pneumatic cans changer –year 1998

03 HS 1000 TRUETZSCHELER Drawing frames –feeding cans
24" x 45" – Creel type for cans in line –one delivery –exit cans 24"
x 45" - (600 x 1200 mm.) – with out auto leveller
Pneumatic cans changer –year 1998

04 BC 16 MARZOLI roving frames –creel for cans of 20 x 42"
Photocells in entry and exit –drafting device SKF PK 1500 –flayers driven by gears-spool size 6" x 16" -
92
Spindles each machine –year 1990 (x 3 machine) year 1991
(1 machine)

13 320 S ZINSER spinning frames –creel for tube 6" x 16" –
Drafting device SKF PK 255 – top roller covered with Berkol
Press-fit – centralized suction spindle by spindle –ring Ø 42
And 45 mm. flange 1 – spindles lift 200 mm.-gauge 70 mm.
No. of spindles 1000 each machine –automatic doffing inte- grated with gripper – Spindles driven by
Tangential belt –
Year 1993

06 SCHLAFHORST cone winders –60 Spindles waxing device-
Uster clearers Mod.D4 –splicers –MMM meter counter –4 20
Conicity–6"traverse – Drums with 2 turns- year 1990 (3
left hand and 3 machine right hand)

ACCESSORIES INCLUDED IN THIS DEAL :

01 Steamer with capacity of 200 lt. For yarn – year 1990
01 Boiler eated by heater for natural gas – year 1990
01 Compressor unit made by :
01 Ingersoll Rand Screw compressor mod.SSR 60

01 Ingersoll Rand Drayer
02 Ingersoll Rand Filters

01 LUWA air conditioning room -year 1990/96
01 LUWA central waste collection with:

01 Feeding fan for fazer compactor opening line
01 Fazer compactor for opening line
01 Feeding fan for fazer compactor cards
01 Fazer compactor for cards
01 Feeding fan for fazer compactor pneumafil
01 Fazer compactor for pneumafil

01 LUWA horizontal bale press for waste collection –year 1990
01 Lot of cans for cards,drawing,roving and combers
01 Lot of Roving Tubes
01 Lot of Spinning tubes
01 Lot of spare parts,gears,and pulleys for all the machine
01 Complete testing room made by Tester 3 with printer,
Spinlab HVI 9000,warping creel,scale for count,scale for Slivers,twist tester,Black board tester,year
1990/2002

SALE CONDITIONS

DELIVERY : Immediate,
PAYMENT : 20% down payment, After inspection
80% By wire transference before dismantling
WE SELL : We are consider only package deal.
SITUATION : All the machine are stop since October 2005.
